Aanaab's mission is to empower teachers by offering distance courses to enhance the efficiency of teachers and educators across the globe. This transaction is Rethink's first investment in the Middle East.

Rethink Education is dedicated to helping unlock the full human potential of people in marginalized and underserved groups. Aanaab is owned and operated by Saudi female entrepreneurs who are paving the way for digital innovation and the enhancement of Saudi Arabia's education sector.

Like many other areas of the world, regions in the Middle East and North Africa face the ongoing challenge of training and continually upskilling teachers and school leaders. Most of the education solutions in the region focus on the students, curriculum, or resources, often overlooking the teachers.
